

# Devoted to the Future of Students who have Experienced Foster Care or Homelessness.

The Carlow Community Scholars Program is devoted to supporting students with the material, academic, and vocational development resources they need to achieve their full potential.

Carlow Community Scholars provides holistic support for students and includes the areas of academic success, housing, finances and employment, physical and mental well being, and community engagement. These supports include weekly coaching meetings with the Community Scholars director and staff, access to needed material items, and referrals to campus and community resources.

## Program Highlights and Resources

### Housing and Daily Living

- Supplies for residence hall room or apartment, including food items, cleaning and laundry supplies, bedding, etc.
- Gap housing for academic year and summer breaks
- Assistance in finding campus employment

### Academic Success

- Backpacks and other school supplies
- Technology lending program, including laptops
- Guidance on time management, planning, and study strategies

### Community Engagement

- “Chill” space where students can hang out, study, and meet with staff
- Programs and events throughout the semester
- Connections with campus and community organizations

### Moving On

- Support finding internships and study abroad opportunities
- Assistance with graduation costs
- Referrals to campus and community organizations that assist with career development
