

Devoted to Making an Impact.

Carlow University was awarded a \$2.6 million grant from HRSA to implement a 4 year-clinical training program for FNP students in association with Federally Qualified Health Centers (FQHC) and Medically Underserved Areas (MUA). Participants gain experience providing primary care to patients in underserved and disadvantaged communities, with a focus on substance use disorders, women's health and telehealth.

CARLOW
UNIVERSITY

Devoted to the Future of You.

Impacting Diversity & Education of
Advanced Practice Registered Nurses for
Healthy Communities Project

Why Apply?

- Increase the number of nurse practitioners (NPs), trained to serve urban underserved populations.
- Increase the diversity of the nursing workforce to better address the needs of the populations they serve by recruiting and supporting students and faculty, including those from diverse populations.
- Build & expand academic-clinical partnerships to create experiential learning opportunities.

Requirements

- Demonstrate a commitment to providing care to medically underserved populations and interest in working with a diverse population of patients.
- Commit to one year of working and learning in a FQHC or an assignment designated by the Clinical Coordinator.
- Fulfill academic and professional standards of the FNP role during the training in return for tuition assistance.
